TBA

Beyond our roadmap, Quopi is dedicated to ongoing innovation and enhancement. Our future quarterly plans for Q2, Q3, and Q4 demonstrate our commitment to continuous development. While not tied to specific release dates, these initiatives highlight our drive to improve the Quopi platform and broaden our capabilities.

Q2 | 2024

PLATFORM TOKENIZATION

Tokenization of the Quopi AI platform will simplify transactions, boost efficiency, and broaden payment options, ultimately creating a seamless trading experience.

ON-CHAIN TOKEN LISTING

The Quopi token enables users to grow their assets as the platform gains popularity, directly contributing to the company's value. Such structure allows Quopi to build APIs for our bots that can be purchased using the utility token.

COMPLIANCE FRAMEWORKS

Establishing a robust regulatory compliance framework will ensure that our platform complies with evolving cryptocurrency regulations in various jurisdictions.

LIVE TRADING DISCLOSURE

Through a restructured NDA with our partner company, users will gain access to real-time live trading data, enhancing transparency.

Q3 | 2024

AFFILIATE SYSTEM UPDATE

As we exit the rapid growth phase of our company, affiliate commissions will be restructured with smaller commissions, but a higher focus on empowering official ambassadors.

AI DRIVEN PREDICTIVE ANALYTICS

Implementation of advanced predictive analytics using AI to anticipate market trends and economic shifts, empowering users to make informed investment decisions.

Q4 | 2024

QUANTUM SOLUTIONS

Implementation of experimental NISQ computers in order to create advanced market simulations and analysis of risk profiles for the various financial tools we provide.

QUOPI BOT API

Quopi trading bot is released to public via an API that permits users to deploy it on exchanges, with their maximum trading volume linked to the amount of Quopi tokens they possess.

The roadmap will remain dynamic, evolving as we gather new information, provide additional specifics, and adapt to changing conditions. If you have any questions, feedback or recommendations, please contact us at hello@quopi.ai
